

What is the total revenue of all companies in the Consumer Staples GICS sector for Year 1?

Total Revenue for Consumer Staples GICS Sector in Year 1

This chart displays the sum of total revenue per company in the Consumer Staples GICS sector.

Walmart is the highest earning of the 33 companies making up 34% of the total revenue for Year 1.

The mean \$42B, is significantly higher than the median \$13B, for Year 1. This is indicative of a right, or positively-skewed dataset. On average, the data points deviate from the mean by about \$84B which is the calculated standard deviation. The minimum is \$1.5M and maximum is \$469B for all companies. The range is estimated equal to the maximum earnings, but the chart illustrates a substantial variation in earnings across all companies with Walmart contributing significantly to the total revenue.
